

Dear Parents/Carers,

STEAM STAR EXPLORERS – After School Club Thursday's 3.45 - 4.45 (Reception, Year 1 & Year 2)

TechyTots is proud to introduce a brand-new after-school club: **STEAM Star Explorers!** Created by the award-winning team behind TechyTots, this exciting club is designed for curious minds in **Reception to Year 2**. It offers a fun and engaging way for children to explore the fascinating world of **STEAM**—Science, Technology, Engineering, Art, and Maths.

We are delighted to be bringing sessions to your school from January 2025

Each week, children will take part in hands-on activities that inspire creativity, problem-solving, and teamwork. From creating colourful art projects to exploring exciting science experiments, tackling fun engineering challenges and Coding activities, every session is designed to be both educational and entertaining.

Our play-based approach ensures children not only have fun but also develop key skills like critical thinking and collaboration, preparing them for a bright future in a rapidly changing world. With a new focus each week, there's always something fresh and exciting to look forward to!

As this is a brand-new club, we are offering the first term at a special introductory price of just £85 for the full term.

From January STEAM Star Explorers sessions will be running on Thursday afternoons for 9 weeks.

Thursday 16th January - Thursday 20th March

No Class on 20th February due to half-term

If your child would like to attend please email Admin.Sutton@techtots.co.uk

Please include your child's name and class.

Spaces are limited so please reply as soon as possible.

Places will be allocated on a first come first served basis.

Kind Regards

Julie Barber

STEAM Star Explorers / TechyTots
